

Aleut Facilities Support Services Receives Contract with Denver Federal Center

FOR IMMEDIATE RELEASE

Colorado Springs, CO (September 29, 2009) – Aleut Facilities Support Services, LLC (www.aleutfacilities.com) is pleased to announce that it has received a \$1.2 Million Contract with the Denver Federal Center to replace Chillers and Pumps.

Located near downtown Denver in Lakewood, Colorado, the Denver Federal Center is comprised of 55 federal buildings, totaling four million square feet. For AFSS, the work to replace the chillers and pumps in this impressive complex will continue until May 2010. “We received this project as a direct result of the hard work of our project personnel who perform the maintenance contract at the Denver Federal Center,” said AFSS president Gary Bress. “Without the good work that they do, AFSS would not receive these extra work projects.”

Aleut Facilities Support Services (AFSS) is a full service, customer-focused 8(a) Small Disadvantaged Business with a proven talent for consistently delivering expert, responsive, and customer-oriented services. As a subsidiary of Aleut Management Services, LLC in Colorado Springs, Colorado, the AFSS team is uniquely positioned across the country to provide consistent, professional Facility Operations and Maintenance Services.

Applications for employment may be submitted through the company’s website at www.aleutfacilities.com.
