

Aleut Technologies Receives Gold Boeing Performance Excellence Award

FOR IMMEDIATE RELEASE

Colorado Springs, CO (March 9, 2010) – Aleut Technologies, LLC (AT) www.aleuttech.com today announced that it has received a 2009 Boeing Performance Excellence Award. The Boeing Company issues the award annually to recognize suppliers who have achieved superior performance. Aleut Technologies maintained a Gold composite performance rating for each month of the 12-month performance period, from October 1, 2008, to September 30, 2009.

“This recognition is a result of a team effort across the Aleut family of companies,” acknowledges AT President Rod Malloy. “Our staff has worked diligently to provide the best service possible to The BOEING Company in 2009. We look forward to supporting the continued success of the SBX program into the future.”

Aleut Technologies supplies offshore logistics services to Boeing for the Sea-Based X-Band RADAR (SBX) Program. Since 2005, AT has provided towing services, refueling, logistics and personnel transportation to and from the SBX platform with the Motor Vessel Dove, an anchor handling supply tug.

Aleut Technologies, LLC is an SDB 8(a) company located in Colorado Springs, Colorado and subsidiary of Aleut Management Services, LLC. Aleut is a family of companies with extensive reach-back capabilities providing IT, communications, base operations support, construction, and a variety of other services to government agencies. The Aleut Family of Companies offers strategic partnerships to its customers through Alaskan Native Corporation benefits and advantages.

Applications for employment may be submitted through the company’s website at www.aleutmgmt.com.
